CLASS INFORMATION, POLICIES AND EVALUATION

Preparation, attendance & participation (20%)

The 20% assigned for this category is divided into three parts: 5% for preparation, 10% for attendance and 5% for active participation in virtual classroom activities. If there is minimal preparation/attendance/participation, students may not develop the necessary skills to communicate in Haitian-Creole. The course will only generate full benefits if attendance is faultless, participation fully activated, investment of time motivated, thoughtful, and committed. For success in the course, students are expected to spend a minimum of 2 hours per day in practicing their language skills via the asynchronous assignments and other independent learning activities. Absentees are responsible for missed class under any circumstances. They are responsible for assignments due on the missed day. Students are expected to answer questions and participate in class activities every day since they will receive a participation grade daily. The class is highly interactive, so missing a session or coming to class / connecting to the class session late and unprepared will have a negative impact on the language learning experience and will also affect student grades.

E-Learning portfolio, reflection, and oral presentation (20%)

The goal of this assignment is to help students keep track of their achievements and progress and to reflect retroactively on their learning experience in the target language. This assignment has

¹ *Some materials in the online course pack, such as the videos, are freely available on the Internet.

three components: 1) First, students submit an e-folder that contains samples of work they carried out in the course (6%). 2) The second component (7%) is a short reflection essay (approximately 250 words) where students describe their experience during the semester (challenges encountered, success, frustration, satisfaction, etc.). 3) The third component (7%) is a virtual showcase (oral presentation) of their portfolio where they talk about their experience, achievements, knowledge about aspects of Haitian culture and society. This is where students show competences in cultural norms, values, traditions, and behavior patterns that are typical of Haitian society. They are encouraged to compare their own culture and make comparisons with the target language and culture to discover similar and different cultural concepts and patterns.

Final Grammar/Vocabulary Exam (30%)

The successful speaking in formal contexts and writing of academic assignments depend to some extent on the command of elementary grammatical structures and proper vocabulary. The goal of the grammar/vocabulary exam is to measure student proficiency in these areas. The ability to analyze parts of speech, their nature, their order, functions and relationship in a sentence, as well as vocabulary accuracy will be tested. The test will cover samples of all vocabulary elements and grammatical structures covered during the two-week class.

Homework x 3 (listening, reading and writing)

- a) **Listening Assignment (10%)** - Regular aural practice is essential for improving proficiency in a foreign language. Thus, listening to the activities on the audio recordings that accompany the textbook is necessary for a student's success. It takes time, patience and regular practice to understand any foreign language spoken at a normal conversational pace. At first, students will find it difficult to understand the audio materials. The recordings and other authentic audio documents (e.g., news reports, interviews, songs, *lodyans*) will be used to practice and test their comprehension of spoken Haitian-Creole. Students are expected to show comprehension of the audio materials by responding to multiple choice, true/false and open questions.
- b) **Reading Assignment (10%)** - Since one of the primary goals of the course is to acquire reading skills in Haitian Creole, students are expected to apply the techniques and to use the strategies they have learned to grasp the overall meaning of simple texts in this reading assignment. There will be multiple choice, true/false and open questions to verify comprehension of some specific details concerning the content as well as the structure of the texts. The assignment will be based on the types of text (narrative, descriptive, argumentative, expository) as well as the subjects discussed in class.
- c) **Writing Assignment (10%)** - Students are expected to write one short essay by the end of the course. The essay will be related to the main vocabulary and/or cultural themes covered in the course. The essay should be a minimum of 500 words and a maximum of 600 words. A half-point will be deducted for every word less for compositions shorter than 500 words. Grading will take into account the content and creativity (ideas, organization, style) and the written expression – grammar, vocabulary and spelling. While you may use a dictionary, grammar book and any other material, everything has to be written in your own words. Written work that is not well presented and typed will not be accepted and will be subject to the same penalty as late assignments.

These meetings count toward the Attendance and Participation requirements. If you have any issues with the synchronous component, contact your instructor as soon as possible. Materials will be posted on Canvas with instructions to guide you and you will be responsible for your learning.
