**CLASS INFORMATION AND POLICIES**

**Preparation, attendance & participation (20%)**  
The 20% assigned for this category is divided into three parts: 10% for preparation, 5% for attendance and 5% for active participation. If there is minimal preparation/attendance/participation, students may not develop the necessary skills to communicate in Haitian-Creole. The course will only generate full benefits if attendance is faultless, participation fully activated, investment of time motivated, thoughtful and committed. For success in the course, students are expected to spend a minimum of 2 hours per day in practicing their language skills via the homework assignments and other independent learning activities. Absentees are responsible for missed class under any circumstances. They are responsible for assignments due on the missed day. The grade for any assignment that is not completed and submitted on the due date will be reduced by 10% per day. Students are expected to answer questions and participate in class activities every day since they will receive a participation grade on a daily basis. The class is highly interactive, so missing a session or coming to class / connecting to the class session late and unprepared will have a negative impact on the language learning experience and will also affect student grades.

**Sociocultural oral presentation (15%)**  
The goal of this activity is to help students gain knowledge about aspects of Haitian culture and society and to develop competences in cultural norms, values, traditions and behavior patterns that are typical of Haitian society. Students are encouraged to compare their own culture and make comparisons with the target language and culture to discover similar and different cultural concepts and patterns. Oral presentation topics includes Haitian music, cinema, television, dance, cuisine, storytelling, leisure, games, sports, festivals, popular culture, ecological issues, etc. Each student will research and present on a topic of their choice after discussion with the instructor.

**Homework x 3 (listening, reading and writing)**  
a) **Listening Assignment (10%)** - Regular aural practice is essential for improving proficiency in a foreign language. Thus, listening to the activities on the audio recordings that accompany the textbook is necessary for a student’s success. It takes time, patience and regular practice to understand any foreign language spoken at a normal conversational pace. At first, students will find it difficult to understand the audio materials. The recordings and other authentic audio documents (e.g., news reports, interviews, songs, lodyans) will be used to practice and test their comprehension of spoken Haitian-Creole. Students are expected to show comprehension of the audio materials by responding to multiple choice, true/false and open questions.
b) **Reading Assignment (10%)** - Since one of the primary goals of the course is to acquire reading skills in Haitian Creole, students are expected to apply the techniques and to use the strategies they have learned to grasp the overall meaning of simple texts in this reading assignment. There will be multiple choice, true/false and open questions to verify comprehension of some specific details concerning the content as well as the structure of the texts. The assignment will be based on the types of text (narrative, descriptive, argumentative, expository) as well as the subjects discussed in class.

c) **Writing Assignment (10%)** - Students are expected to write one short essay by the end of the course. The essay will be related to the main vocabulary and/or cultural themes covered in the course. The essay should be a minimum of 400 words and a maximum of 500 words. A half-point will be deducted for every word less for compositions shorter than 400 words. Grading will take into account the content and creativity (ideas, organization, style) and the written expression – grammar, vocabulary and spelling. While you may use a dictionary, grammar book and any other material, everything has to be written in your own words. Written work that is not well presented and typed will not be accepted and will be subject to the same penalty as late assignments.

**Final Grammar/Vocabulary Exam (20%)**
The successful speaking in formal contexts and writing of academic assignments depend to some extent on the command of elementary grammatical structures and proper vocabulary. The goal of the grammar/vocabulary exam is to measure student proficiency in these areas. The ability to analyze parts of speech, their nature, their order, functions and relationship in a sentence, as well as vocabulary accuracy will be tested. The test will cover samples of all vocabulary elements and grammatical structures covered during the two-week class.

**Final Oral Exam - Interview (10%)**
The goal of this oral test is to evaluate your speaking and conversational abilities. Students will be asked to speak for about 3-4 minutes on a subject related to the topics studied in class. Then, they will answer questions asked by the instructor for another 2-3 minutes. Grading will reflect their mastery of spoken Haitian-Creole rather than knowledge of facts related to the topics studied in class. The evaluation will be based on Expression (grammar, sentence complexity, vocabulary, pronunciation, expressivity and clarity) and Structure/Coherence (introduction, development, conclusion and originality).

**ONLINE COURSE DETAILS**

**Computer and Internet Recommendations**
• A laptop or desktop computer with (at least) 2G of memory and a 1Ghz processor (any computer bought in the last five years should be fine). Use either built-in or external camera with a headset or earbuds to reduce ambient noise.
• High-bandwidth Internet connection (DSL/cable, or wireless) to ensure a reliable connection

**Definitions**
You will hear the following terms often in the coming weeks. Here are their definition:
• **Synchronous**: synchronous learning means that all students and the instructor participate in the course simultaneously. Participation may occur at the same time and at the same location, or at the same time at multiple locations.
• **Asynchronous**: asynchronous learning means that learning is self-paced. Participation occurs at different times and at different locations.

**Course proceedings**
This is a **Synchronous Distance Learning** Haitian Creole course. You will be required to attend synchronous meetings and you must come prepared (having completed the assigned work prior to the class). These meetings will give you the opportunity to practice your oral Haitian Creole and should be attended to the best of your ability. These meetings count toward the Attendance and Participation requirements. If you have any issues with the synchronous component, contact your instructor as soon as possible. Materials will be posted on Canvas with instructions to guide you and you will be responsible for your learning. Please note that the online format of the course does not change the learning outcomes.

**Tips for online learning**
On Canvas, you will find links to resources to assist you in the process of online learning. We recommend that you consult these prior to starting the class.
